

Anderson's Wear-Easy Shoe.....

is a shoe made especially for farm use and that will wear "as easy as an old shoe" right from the start. A shoe in which there is not a peg or nail or thread to touch the bottom of the foot. A shoe that is almost as soft and flexible as a lady's hand turned. A shoe with a pure white oak innersole that is cooling to the bottom of the foot; all other every day shoes are made with cheap acid tanned red leather innersoles that burn, scald and blister the feet so badly in hot weather. A shoe that will give more comfort for general farm use than any shoe that has ever been gotten up.

We keep this shoe in Buckle and Congress & the price is **\$1.50**

Convention Saturday Biggest Ever Held in the County.

Stone and Goebel Combined and Won By a Large Majority in the Division.

The Democratic mass convention at the Court House Saturday was the largest ever held in the county. It was larger than the convention of 1896, when 1000 men participated.

The convention was called to order in front of the Court House at 2 o'clock by Isaac Garrett, chairman of the county committee, who stood upon an elevation between two of the stone columns in front. Dr. J. D. Clardy was nominated for chairman by C. H. Bush, on behalf of Stone and his nomination was seconded by Geo. V. Green, a Goebel leader. W. C. Bell was nominated by the same side for secretary.

Jno. W. Payne, a Hardin man, nominated Mr. R. E. Cooper and the nomination was seconded by H. H. Abernathy, a Stone man. Mr. Geo. E. Gary was nominated for secretary on the Cooper ticket.

The plan of the Hardin men was to divide the Stone men on second choice, but a vast majority of them stood by the agreement with the Goebel men, which divided the county between Stone and Goebel.

Chairman Garrett had cleared the courtroom and placed tellers on the steps on each side to count the voters as they entered the room, in the event the election of a chairman could not be determined by a division vote outside.

The vote was taken on the court square, the Clardy men massing themselves on the north side and the Cooper men on the south. It was evident to all that there was no doubt of the result. Impartial judges who viewed the two crowds from windows and from the upper portico of the court house confirm the judgment of the chairman that there was no necessity for a further count. The crowd on one side apparently numbered about 200 or 300 and on the other from two to three times as many. Some careful estimates placed it at 900 to 1000. The chairman declared the election of Dr. Clardy and Mr. Bell and announced that the business of the convention would be concluded inside the court house.

As soon as the convention was called to order in the court room a motion was made and adopted authorizing the chairmen to appoint 16 delegates including himself and 16 alternates to cast the vote of the county.

The following delegates and alternates were announced, the list being read by the Secretary:

DELEGATES—J. D. Clardy, W. C. Bell, Chas. M. Meacham, R. M. Woodriddle, C. H. Bush, Geo. F. Campbell, J. B. Allensworth, J. F. Dixon, Geo. V. Green, W. R. Howell, Buckner Leavell, W. J. Chiles, W. L. Parker, Isaac Garrett, W. W. Radford, Frank H. Bassett.

ALTERNATES—J. C. Duffy, H. E. Holton, T. W. Blakey, Walter Garner, Jno. T. Edmunds, A. Brame, W. S. Hale, Ed C. Waide, W. A. Lackey, M. H. Martin, S. A. Edmunds, J. D. Morris, Joutett Henry, J. N. Warfield.

The convention then on motion adjourned at 2:30 o'clock.

Meeting at Moayon's Hall.

After the adjournment of the convention, a meeting of those dissatisfied with the result was held at Moayon's Hall four or five squares from the courthouse, in another part of town, in a room that had been occupied during the day as a rallying point for the Hardin and Hardin-Stone forces. This meeting was organized by choosing Mr. R. E. Cooper, chairman and Mr. Frank Bell, secretary.

Delegates were appointed and instructed to vote for Stone first and Goebel second.

seats of the regular delegation. The names follow:

DELEGATES—R. E. Cooper, H. H. Abernathy, S. J. Samuels, Jno. P. Bell, F. W. Buckner, Bailey Waller, W. W. Eddins, C. D. Bell, J. T. Hanbery, Geo. E. Gary, L. M. Cayce, W. M. Hancock, W. A. Wilgus, Hunter Wood.

ALTERNATES—David Rogers, Geo. Bradley, F. M. Byars, W. A. Wilson, Frank L. Waller, Jno. R. Kitchen, M. D. Gant, A. B. Long, Frank Bell, Jas. O. Cook, J. C. Buckner, W. E. Ragsdale, J. G. Childress, G. W. Southall, A. W. Wood.

ATTACKED BY A RABID DOG.

Mr. Geo. H. Major, of Howell, Has a Narrow Escape.

Considerable excitement is reported from Howell, on account of a mad dog scare in that neighborhood. A rabid dog coming from the direction of Tennessee made its appearance in that place yesterday morning. The animal attacked Mr. Geo. H. Major, a merchant, and Mr. Major succeeded in knocking the dog off him, when both fell to the ground. The dog then escaped and made his way up the road towards this city. Later he bit a cow and hog belonging to Mr. Ray Naves and one each for a colored man living at Hargis' bridge. The dog was met by some colored man about four miles out from town and after being crippled with rocks, one of the party secured a gun and killed him. Mr. Major escaped injury in his tussle with the hydrophobic cur.

TWENTY-FOUR.

Must Constitute the Regular Panel.

Frankfort, Ky., June 16.—Chief Justice Hazelrigg handed down an opinion in the court of appeals this morning holding that the regular panel for a term of circuit court shall be composed of only twenty-four members.

The decision was rendered in the case of S. H. Stone, auditor, against L. Saunders, trustee of the jury fund for Jessamine county, appealed from the Franklin circuit court. The appellee certified thirty jurors to the auditor and the latter refused to audit the claim.

Judge Cantrill, in lower court, held that they must be paid. The court here, though holding that the panel shall contain but twenty-four men, affirms Judge Cantrill as to the payment of these certified by order of court.

AN AMBUSH IN HOPKINS.

Henry Gooch Had Been Warned Not to Come to Slaughtersville—Now He's Dead.

Madisonville, Ky., June 17.—Henry Gooch, the father of the man who shot William McGary, Marshal of Slaughtersville, and Renn Ashby, of same place, was found dead last night with his head blown off. He had been warned never to come to town, and this was his first trip. He had no standing in this community and was generally considered a bad man. The cause of his death will not even be investigated.

GOT NO MONEY.

Burglars Enter the Warehouse of H. H. Abernathy.

Burglars entered the warehouse office of Mr. H. H. Abernathy Saturday night, but failed to secure anything of value. They succeeded in opening the safe door but did not open the drawers and the supposition is that they were frightened off before completing the job. The would-be-thieves effected an entrance through a rear door of the warehouse room. They left no clue as to their identity.

Another Election.

Prof. J. W. Marion having declined to accept, Prof. J. M. McCracken has been elected superintendent.

HOSS RACE ON.

Gubernatorial Candidates Closely Bunched in Instructions.

Hardin Slightly in the Lead, With Stone Second and Goebel a Close Third.

The returns from the county conventions held in Kentucky Saturday to nominate a candidate for Governor and all other state officers show so many contested delegations that no certain estimate can be made as to the result in the Governor's race. Not counting any of the contested delegations in Grant, Henry, Jefferson, Logan, Montgomery and Rowan, nor any of the delegates from counties sending unrepresented delegations, like Bourbon, Boyd, Boyle, Madison, Graves, and Nicholas, the positive strength of the three candidates for Governor is as follows: Goebel, 293; Stone, 254; Hardin, 273; total, 820. Total number of delegates in the convention, 1092. Necessary to a choice, 547. From these figures it seems that it will take nearly all the contested and unrepresented delegations to nominate any one of the three. It is an open race yet, and the best manager in the convention will win.

There are 316 contested votes and counting the regular delegation in every case, the strength of the candidates will be about as follows: Hardin 368, Stone 308, Goebel 288. This leaves 15 unreported and 104 unrepresented. Assigning these where they would naturally go, Hardin's strength will be about 400, and Stone and Goebel 345 each on the face of the returns. The settlement of the 24 contests will make some changes in these figures.

Ready For the Fray.

Louisville, June 19.—The three candidates for the Democratic nomination for Governor are now in the city, and will throw open their headquarters to-day. The Hon. P. W. Hardin has been here for two or three days, while Capt. W. J. Stone and Senator Goebel arrived yesterday. They are accompanied by some of their political lieutenants, and are prepared for the fine wire-pulling which will be necessary to land any one of them a winner.

Returns were received yesterday from Knott county, which gives its four votes to Hardin, and from Elliott, which gives its six to Goebel. This leaves only fifteen votes to be accounted for.

At the headquarters of the candidates yesterday the following claims were made, based on instructions and alleged preferences of unrepresented delegations: Hardin, 465; Stone, about 400; Goebel, 350. As these figures foot up 1,215 votes somebody is counting too much.

All Are Confident.

All of the politicians who were in the city last night took a rosy view of the situation. Few of them, outside of the gubernatorial candidates, could or would give any figures to bear out their predictions that they would be elected.

Senator Goebel reached the city last night from Covington. He is at the Galt house. To his friends who called to reassure him he expressed great hope of ultimately landing the plum.

Capt. W. J. Stone, another candidate for governor, walking about the lobby of the Willard hotel on his crutch, attracted much attention last night. He was pleased with his prospects. "I am very well satisfied," said he, "with the results of the mass conventions Saturday afternoon. We figure on 400 votes on the first ballot."

Gen. Hardin was sitting with several friends in his headquarters in the rear of the Willard. The outlook seemed bright to them, they said. Gen. Hardin refused to state how many instructed votes he had received. One of his advisers

ers to be as follows: Goebel, 242; Stone 286.

As the Commercial Sees It.

The Republican organ, the Commercial, gives this summary: "Hardin 416, Goebel 275, Stone 256, contested and not counted 33, unrepresented 76, unreported 13."

"Second instructions Goebel 51, Hardin 44, Stone 22. Contested, by Hardin 120, Goebel 93, Stone 71."

"Give Hardin all the contested, unrepresented and missing votes and he will still be short of a majority. Stone and Goebel can combine and capture the organization, which would be better than 'nine points of law.'"

"The fight now is to organize the convention. It has been shown that Hardin cannot, and that Goebel and Stone combined, can. By districts Hardin will have four members of each committee—organization, resolutions, credentials, rules, etc.; Goebel two, and Stone 1. The other four districts can be controlled by the Goebel-Stone combination, giving each two more. With a combination man in the chair the two members-at-large for each committee will be divided between Goebel and Stone. This will make the complexion of the committees: Goebel, five. Stone, four. Hardin, four."

The Dispatch, Hardin's organ, claims 424 votes but its table shows that 115 are contested, Ballard 8, Warren 15 and half of Christian, 8, being counted for him. The same paper gives Stone 311, Goebel 167 and leaves 173 doubtful and unrepresented. In this column are placed Campbell's 22, Kenton's 35, Harrison's 13, Lewis' 7 and Rowan's 3. These counties with even 100 votes all went for Goebel, while he is denied the 8 votes he will get in Christian county.

By Districts.

The vote by districts is as follows, according to the most reliable returns, giving contested delegations to the regularly organized side in each case:

FIRST—Stone 61, 8 contested; Hardin 46, all contested; Graves county unrepresented 23.

SECOND—Stone 48½, 10½ contested; Goebel 41½, 30½ contested; Hardin 27.

THIRD—Stone 43, 20 contested; Goebel 21, all contested; Hardin 26.

FOURTH—Hardin 72, Stone 28, Goebel 5, Grayson county unrepresented 10.

FIFTH—Hardin 49, Stone 25, all contested.

SIXTH—Goebel 96, 67 contested; Stone 11, Hardin 4.

SEVENTH—Hardin 39, 7 contested; Stone 17, 7 contested; Goebel 17, 12 contested. Owen and Bourbon 25 unrepresented.

EIGHTH—Hardin 30, Stone 14½, Goebel 13½, Madison 14 and Boyle 6, unrepresented.

NINTH—Goebel 74, 3 contested; Stone 17, Nicholas 9 and Boyd 6 unrepresented.

TENTH—Goebel 24, Hardin 30, Stone 19, 8 contested; Magoffin 4 unrepresented; Pike 10 not reported.

ELEVENTH—Hardin 58, Stone 5, Goebel 4, Jackson, Leslie, Letcher and Perry 6 votes, not reported.

EIGHTEEN COUNTIES

Will Have Contests of One Kind or Another.

Eighteen counties, with a total of 317 delegate votes, will go into the convention with contested delegations. Jefferson leads the list with eighty-four votes, and Kenton is second with thirty-five votes. The following are the counties and their votes:

Ballard	8
Caldwell	8
Calloway	13
McCracken	15
Christian	16
Daviess	25
Logan	16
Muhlenburg	9
Warren	19

KENTUCKY EDITORS.

Official Announcement of Their Annual Meeting and Excursion in July.

The annual meeting of the Kentucky Press Association for 1899 will doubtless be one of the best in the history of the organization. Henderson people are making elaborate preparations for the entertainment of the press boys and the trip to Potosky will be most delightful.

R. E. Morningstar, secretary of the association, has issued the following announcement:

The Kentucky Press Association will hold its thirteenth annual meeting at Henderson, Ky., July 11 and 12, 1899, and at the close of the meeting will depart for Potosky, Mich. The entire trip will occupy one week.

HYDROPHOBIA.

A Lady of Rockport at the Door of Death From the disease.

Rockport, Ind., June 13.—About five weeks ago, Miss Zetta Cooper, a highly respected young lady, who is visiting Mr. George Bridges, was bitten by a vicious dog belonging to Philip Feigel, the butcher. The bite was merely a scratch and little heed was paid to it until last Friday. At that time the young lady was taken suddenly ill and showed signs of hydrophobia. She gradually grew worse, and last night, during her convulsions, would bark and snap at those around her. At other times she would cry out, "Take the dog away!" She is yet alive, but growing worse with the passing hours. It is a sad case and no hope is entertained for her recovery.

ASSASSINATED.

Gen. Luna and Aide Reported Killed by Aguinaldo's Guard.

Manila, June 13.—Information believed to be reliable has reached here of the assassination of Gen. Luna and his aide-de-camp, Lieut. Pasco Ramon, June 8, by Aguinaldo's guard, at the headquarters of Aguinaldo. Luna and Ramon, it appears, went to the Filipino headquarters to confer with Aguinaldo, and got into an altercation with the Captain of the guard, and one of them drew a revolver. The guard then killed Luna and Ramon with their bayonets.

A Maine Mob.

The people in the good old prohibition State of Maine are not in a good position to deliver their terrible severe lectures to the South concerning lynchings in this section. The mob treatment of a "hoiense" preacher near Levant, Me., the other day was a lawless outrage quite as reprehensible, causes considered, as any lynching in the South. The offense of preaching "entire satisfaction" certainly cannot be compared with the crime of rape, however objectionable it may have been to the people who formed the Maine mob. The mob went to the house where the preacher was stopping and as he came out at their demand "he was knocked down, seized by the heels and dragged 100 yards." Then he was tarred and feathered and ridden on a rail. When finally released he was ordered to leave the country on threat of receiving still worse treatment—Nashville Banner.

ELECTED BY A SOW.

How an Ancient English Borough Chose a Mayor.

The candidates for the office of Mayor of Leicester, an ancient borough of England, having assembled were required to sit in a semi-circle, each with his hat full of bones in his lap, and he was elected Mayor from whose hat a sow ate first. Leicester was frequently visited by several of the Kings of England and other illustrious personages, chief among whom may be mentioned Cardinal Wolsey, who died within its walls and was buried in its church. A somewhat similar election custom existed at Grimsby, a city being substituted for a sow. The burgesses of Grimsby having chosen three of their number as eligible for the position of Mayor the three were blindfolded, each of them was laid on his back, and then conducted to the common pound, where a calf awaited their coming. He whose bunch of hay was first eaten by the calf was pronounced most worthy of the mayoralty and installed in office accordingly.

The Candidates.

The following is a complete roster of the candidates for the Democratic nomination for State offices:

GOVERNOR—Wm. Goebel, Kenton; P. W. Hardin, Mercer; W. J. Stone, Lyon.

LIEUTENANT GOVERNOR—J. C. W. Beckham, Nelson; W. P. Thorne, Henry; J. E. Kelly, Trigg; Thos. H. Hays, Jefferson.

AUDITOR—Gus G. Coulter, Graves; John P. Chennault, Madison; J. W. Gayle, Owen.

ATTORNEY GENERAL—W. B. Fleming, Jefferson; James A. Scott, Franklin; J. S. Smith, Bourbon; R. J. Breckinridge, Boyle; N. B. Hays, Bell.

SECRETARY OF STATE—Green R. Kellar, Nicholas; J. Breck Hill, Clark; John W. Headley, Jefferson.

TREASURER—R. C. Ford, Bell; Gus Richardson, Meade; Jesse T. Gosnell, Grayson; S. W. Hager, Boyle; John Herndon, Jefferson.

SUPERINTENDENT OF PUBLIC INSTRUCTION.—H. V. McChesney, Livingston; M. A. Cassidy, Fayette; J. W. Gaines, Jefferson; Ben Watt Warren; Miss Mamie Sasseen, Henderson.

COMMISSIONER OF AGRICULTURE—L. B. Nall, Jefferson; Dr. J. M. France, Mason; Tobias Gibson, Woodford.

VICIOUS ROOSTER.

Attacked a Child and Terribly Lacerated its Face.

Garnett Witt, the nineteen-months' old son of Mr. and Mrs. Everett Witt, of Richmond, Ky., while playing in the back yard, was attacked by a large game rooster, which knocked the little fellow down and was pursuing him viciously when Mr. Witt heard the boy's screams and came to the rescue. The child's face was considerably disfigured, several pieces of flesh being torn from the face by the fowl's sharp talons. The same rooster attacked Mrs. Witt several days ago, and had to be beaten off. It has been killed.

Historic Music Hall.

The arrangements made by Mr. John W. Vreeland for holding the State Convention were ratified yesterday by the State Democratic Executive Committee, and all further probabilities of a disagreeable and annoying hitch over this matter removed. The convention will meet at Music Hall, unquestionably the most suitable, convenient and accessible place in the city. Blackburn, Knott, Buckner, Brown and Hardin, the Democratic gubernatorial candidates during the past twenty years, were nominated at Music Hall, and the Democratic hosts of the State will feel at home there, the scene of so many famous and fierce contests, the rostrum from which the historic speeches of the past twenty years have been delivered.—Times.

I was seriously afflicted with a cough for several years, and lost half a dozen severe coughs than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor wretch, gave it to me. I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully, Mrs. Mary A. Brand, Claremore, Ark. For sale by R. C. DEMOCRATIC TICKET.

For Railroad Commissioner,
J. FLETCHER DEMPSEY,
of Hopkins County.

Urey Woodson is a delegate this time.

W. C. Ray is the Democratic nominee for the Legislature in Ballard.

M. F. North has been renominated for representative by the Democrats of Lincoln county.

Thirty-three Governors have notified the committee that they will attend the Civic Federation meeting at Chicago in September.

There were some stormy conventions, but those in Harrison, Grant and Logan seem to have been a little more stormy than the others.

There are 24 contests so far as heard from. These are in every district except the Fourth, Eighth and Eleventh, and involve 253 votes, or nearly 25 per cent. of the whole number.

A boy named Williams, colored, who attempted an assault on Mrs. H. W. Kennedy near Surrency, Ga., a few days ago, was taken from the jail and lynched. Dave Clarke, another Surrency negro, was found dead in the woods with several holes in him. He tried to shoot a constable.

We have received a complimentary invitation to the annual Field Day celebration at Fulton, Ky., on July 4th. Various kinds of entertainments will be provided to make the day enjoyable. Among the attractions will be a speech by Hon. J. C. S. Blackburn. All railroads will give one fare rates.

The so-called Hardin-Stone combination in this county was not made with Capt. Stone's approval. His leaders in this county had positive instructions not to combine with Gen. Hardin, who was fighting him with such bitterness in his own district that three or four counties were lost to Stone or sent contesting delegations.

The convention at Louisville tomorrow will be the most exciting and hotly contested one in the history of the State. Time will tell what the result will be. Hardin's slight lead is based largely on contested votes that may be unseated if his opponents are able to organize the convention. It is still anybody's race.

The doubly locked harbor of Havana has been given a deep sea dredging, by cutting a channel through the upper shore 1200 feet long, thus opening it from both directions. The dumpage of a hundred years has thus been washed out and into the sea, removing the most fruitful source of yellow fever and other summer diseases.

Miss Annah St. Clair Patterson was married at Baltimore last week to Count Cessare da Conturbia, of Milan, Italy. Cardinal Gibbons officiated. The bride is the only daughter of Mrs. David Stewart by a former marriage. She is a granddaughter of the late Elbridge Gerry and is connected with the oldest families in New England through her father, the late Melville Patterson. She is a greatniece of Mme. Bonaparte.

Much will depend upon the Credentials committee at Louisville. Unless the figures are misleading, Stone and Goebel, if they act together, can elect the member in the First, Second, Third, Sixth, Ninth, and Tenth districts, with a chance in the Eighth. The temporary Chairman will appoint two of the thirteen members of this committee. With nearly 600 votes to their credit, the "field" ought to be able to organize with ease against the "favorite."

TUESDAY'S CONVENTION.

That was a great gathering of Democrats Saturday. Conservative estimates place the number of those participating at 1200. It was a fine body of men that crowded and jostled each other good-naturedly around the court house door. Many of the prodigals were back at home and nothing was said to hurt their feelings. If the wheat had all been cut there is no telling how many would have been on hand. As it was there were enough to show that the people like to go to conventions. Of the three candidates the Goebel men had the best organization. One delegation of 75 came in from Herndon under command of Mat Major. Dr. Lackey brought in about 40 from Pembroke and Judge Ragsdale a crowd from Lafayette. Walter Garner and Lee Thacker "rounded up" about 40 Stone men from the same place. The Goebel men claim that they had at least 500 men in line and the Stone men were not far behind them. Hardin had perhaps 300 men when the division was made, but some of these were Stone men in the Hardin-Stone combine. Then the two larger crowds united, the thing looked to be almost unanimous. The convention passed off without a "scrap" of any sort and although some of the boys are a little sore, they are living in hopes that things may go their way in the State convention and that laughing last they may laugh best.

The Second district voted as follows: For Goebel-Davies, 21½; Hancock, 5; McLean, 7; Christian, 8; total, 41½; for Stone-Davies, 2½; Henderson, 10; Union, 16; Webster, 12; Christian, 8; total, 48½; for Hardin-Hopkins, 17; Henderson, 10; total, 27. It will be seen that Stone secured a plurality of the delegates, with Goebel a close second.

THE FIFTH AVENUE.

Good Place to Stop While in Louisville.

Delegates and other visitors to Louisville can find no better place to stop while in the city than the Fifth Avenue, the best \$2 hotel in the city. It is located conveniently to all of the candidates' headquarters, the convention hall, street car lines, etc. Stop at the Fifth Avenue and you will not regret it.

Death of a Child.

A little child of Mr. B. Meacham, of this city, died at the home of its parents, on Joy-up Avenue last Thursday night from the effects of teething. The interment took place Saturday.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

THE INSURANCE CASES.

The Recent Decision Settles Many Pending Prosecutions.

The recent decision of the Court of Appeals in the "Cases for Criminal Conspiracy," against the various Fire Insurance Companies, at Frankfort, Kentucky, it is thought will have a material effect to the advantage of the business interest of the companies.

About seventy-seven of the companies were charged by indictment in the Franklin Circuit Court with combining and conspiring together for the purpose of stifling competition in insurance and to raise the rates of insurance and then to compel those who took out insurance upon their property to pay more for insurance than they would have had to pay but for the combination, and it was charged that this combination was what is denominated in law as a criminal conspiracy and punishable as such under the common law. This was the view taken by the circuit judge under whose direction the jury found the companies guilty and assessed fines against the several companies aggregating about \$30,000.

The Court of Appeals in passing upon the case held that the acts charged and the facts brought out in the proof in the trial of the cases was not an offense at common law and were not embraced in the Kentucky Statute against pools and trusts.

The opinion of the court, which was written by Judge DuRelle, is both able and exhaustive and received the concurrence of all of the judges except one.

The case was argued and managed on behalf of the Insurance Companies by Judge Jas. S. Pirtle, the Chief Attorney for the companies and ex-Chief Justice Pryor, with Messrs. Landes & Allensworth of this city and other attorneys of counsel. The decision of course will settle all other cases in this State in which the Insurance Companies are indicted and similar indictments have been found against the same companies in many counties, including this county.

There are now pending in the Christian Circuit Court over sixty indictments against the companies which have been left open by agreement between Mr. W. R. Howell attorney for the Commonwealth, and the firm of Landes & Allensworth, attorneys for the companies, awaiting the decision of the Court of Appeals in the Franklin county case.

Convention Day Killing.

Owensboro, Ky., June 17.—At Powers Station on the Louisville, Henderson and St. Louis railroad this afternoon, Luther Robertson, a well-known young man was shot and killed in a row, and his father, eighty years old. Esquire Robertson, was cut four times and will die. All had been to the Democratic convention.

THE HOWARD-BAKER FEUD.

Interesting Statement of Its Origin and Progress.

A correspondent at Manchester has sent out this statement of the causes of the feud, which is brought to present notice by the trials of the Bakers, under guard of the State militia.

The feud in Clay county had its origin more than half a century ago, and through the existence of which the county boundaries hold no spot but where some member of a thrifty populace has been shot from ambush and left to die unattended, and in most instances, in ignorance of the identity of his unseen slayer.

The chief industry in Clay county in the earlier decades of the present century was the manufacture of salt. In fact, until a few years before the civil war—before the building of railroads west and south—the salt used in the Virginias, the Carolinas, Kentucky, Tennessee and much of that which went to the market in Ohio, came from Clay county.

Salt was manufactured almost exclusively by two families, the Whites and the Garrards. Through this industry they amassed great wealth. With few exceptions the entire populace depended upon one or the other of these families for a livelihood. In this manner the heads of the respective families became the leaders of a populace politically divided, and which they ruled much after the fashion by which the Highland Chieftain controlled his Scottish subordinates two centuries ago.

Aside from an occasional difficulty on election days there was no bloodshed among these people until the early 40s. In 1843 Dr. Thomas Baker, then a young man, and the intimate associate of Theophilus T. Garrard, who is known in the history of the Mexican war as Gen. Garrard, and who, now in his eighty-seventh year, still lives and conducts his salt works in Clay County, married the daughter of John White. She was very beautiful and had been given a splendid education by her rich father. About the same time John Bates, a wealthy young man, who was identified with the Whites in the manufacture of salt, married the elder sister of Mrs. Dr. Baker.

The two young couples became more intimate than is usual in that mountainous country. In 1845 Dr. Baker became insanely jealous of his wife and Bates. Finally in a fit of rage he deserted her and went to Knoxville and began suit for divorce, but suddenly withdrew it and returned to Manchester, riding

the distance horseback in two days. He galloped directly to the salt works, called Bates to the door and shot him with an old-fashioned "pepper-box" pistol. Bates died in great agony, but in full consciousness, half an hour later. In his death he cursed Baker and authorized the expenditure of \$10,000 from his estate toward the capture and conviction of his slayer.

This tragedy greatly excited the populace. Everywhere men were hunting for the fugitive Baker. The chase grew so warm that Baker's relatives and friends finally persuaded him to give himself up. He was taken back to Manchester and put under the protection of Gen. Garrard and the followers of his father. Soon he had an examining trial, and on being acquitted went with his brother to Knoxville. At the next term of Circuit Court the grand jury indicted Baker for the murder of Bates. Believing that he would again be acquitted, he returned to Manchester for trial. The Whites prosecuted him so vigorously that the jury returned a verdict of guilty and he was taken a few days later to the scaffold and hanged. This was in 1846.

A bitter enmity thus bred now existed between the Garrards and the Whites and their respective followers, and on through the 53 years which have passed since that fatal day, a bloody war, with occasional armistices has raged in Clay county.

In the fall of 1897 it broke out afresh, the precipitation being the county election in November, when Anse Baker and George Hall, a member of the Whites family, had a pistol duel, in which Hall was badly wounded. Shortly after this episode Hall's house was burned. At the following term of the Circuit Court Anse Baker was indicted for maliciously shooting Hall, and Jno. Baker, his brother was indicted for burning Hall's house. These cases came up for trial at the February (1898) term of Court in Clay county and were continued until the June term.

James Howard, the County Assessor, and Bal Howard, his father, who were Hall's friends, took a lively interest in the prosecution of the Bakers. In April, 1898, Bal Howard, his son, Wilton, and Burch Storr, a laborer, were shot from ambush. The latter two were killed. For this Tom Baker, his fourteen-year-old son, Jim and Dee Baker, Tom's brother, were indicted and given bail. Jas. Howard, on hearing of the killing of his father, proceeded to the Cave Creek neighborhood. He met County Attorney George Baker, father of Tom and Dee Baker, in the road and shot him without a word. For this he was tried at London last July and sentenced to imprisonment for life. He was granted a new trial, however, and at the October term of court, he made a plea of insanity. The jury disagreed and the case was continued until the coming October. Howard is now out on bail and is helping the Whites hold the town of Manchester against the Baker faction.

In this difficulty, Sheriff B. B. White, Jr., and his brother, Will White, took the side of Howard and made incendiary speeches against the Bakers. In July last, Tom Baker and his brother, Dee, met Will White riding along the road. White drew a revolver, but Tom Baker, who carried an English rifle, was too quick for him, and White fell from his horse mortally wounded by a 50 calibre dynamite ball.

Baker never stopped, walking on without even turning his head in the direction of his dying enemy. A lady living near the scene of the tragedy ran to White's aid, but he was beyond human power and died with his head in the woman's lap and a curse of Tom Baker on his lips.

For this Tom Baker and his brother, Dee, were arrested and taken to Stanford for safe keeping. Tom was tried at Barbourville at the February term of court and

given a life sentence. The Court of Appeals, however, reversed the case and Baker was a few days ago released on \$3,000 bail.

Together with his brother, Dee, and his son, James, Tom Baker is now compelled to answer to the Circuit Court for killing Wilton Howard and Burch Storr and the wounding of old man Bal Howard. Some of the Howards have sworn that they will kill Tom Baker and Dee as soon as they come within the range of their rifles. On the other hand, the Bakers declare that they will protect their lives.

A CANNON SHOT

Dissolves a Tornado and Saves an Oklahoma Town.

A well-defined tornado passed over southern Oklahoma and would probably have blown away the town of Hennessey had not a large cannon been discharged into it. The cannon was discharged into the funnel-shaped cloud when it was within fifty yards or more of the town. The cloud immediately dissolved.

This was the second tornado which has passed near Hennessey this summer and been burst by firing cannon. The citizens recently purchased four large guns and placed one in each quarter of the town. A man is hired to watch the cannon and when a tornado comes along he is to load and fire. In this way no tornado can blow away the town, the inhabitants assert. John R. Hoades is the inventor of this scheme. He has arranged to put cannon around several other Western towns.

SEASON OF 1899.

To Our Friends: Another season of seed time is fast approaching, and the wise and prudent farmer will again use the old and favorably known JONES' BRANDS OF BONE and ANIMAL MATTER FERTILIZERS, that have for many years done their full duty when applied to both Spring and Fall crops. The use of commercial Fertilizers is almost universal, and the experience of many years has proven conclusively that ANIMAL MATTER FERTILIZERS are the most complete plant food known, and the fact of putting ACID PHOSPHATE ROCK in a bag and branding it "DIS-SOLVED BONE" does not make it animal matter. Honest, strictly pure Animal Matter Fertilizers cost more than rock goods because they are worth more, and we ask that you remember this fact. Our goods go out under our guarantee analysis, and this guarantee is good. We offer our goods on their merits, and refer with great satisfaction, to their most excellent reputation in all parts of Ohio, Indiana, and Kentucky, where they are extensively used. We respectfully urge you to give the celebrated Jones' Fertilizing Co.'s goods a trial on both Spring and Fall crops, and we know satisfactory results and future orders will certainly follow.

Insurance Companies Win In The Court of Appeals.

As a Matter of Common Law It Is Not Illegal to Combine to Maintain Prices.

Frankfort, Ky., June 15.—The court of appeals, in an opinion by Judge DuRelle, with a full bench sitting, to-day reversed the judgment of the Franklin circuit and state fiscal courts in the case of the Aetna and eighty-six other insurance companies, indicted for conspiring to fix insurance rates through the Kentucky and Tennessee board of insurance underwriters. The indictments were filed at the instance of Commonwealth's Attorney Robert B. Franklin. The aggregated \$20,000, or \$250 each. Judge Coffey dissented, while the other members of the court concurred in opinion.

The opinion is a very exhaustive document, and deals extensively with the old English decisions, many leading decisions being quoted in full. The indictments were had under the common law—the common law of Kentucky is as it existed in England previous to 1607.

The court maintains that no English decisions upholding the view of the lower court have ever been rendered. The opinion maintains that the Kentucky anti-trust law does not include the indictments in this case. The opinion further holds that the service on the insurance commissioner for indictments for the misdemeanor is good under the Kentucky law.

The court, in stating the case, says: "This appeal is from a judgment of conviction under an indictment charging appellants with the offense of unlawfully conspiring by persuasion, intimidation and force to counteract, avoid, stifle and kill the effect of free competition among fire insurance companies and agents engaged in an offering to do a fire insurance business in the city of Frankfort, county of Franklin, and State of Kentucky."

The opinion concludes: "We conclude therefore that the word property as used in the statute (sec. 3915) does not include the right to enter into a contract of insurance nor to fix the terms upon which such a contract will be made. * * * It is evident that at the time the English common law and the English statutes of a general nature became a part of our system the acts charged as an offense in this case were not indictable. Nor do we think that any such principle has ever been adopted by the states of this union as would justify us in holding in the absence of all precedents that the acts charged are criminal. * * * We are not able from a consideration of the cases decided in this state to reach the conclusion that the doctrine as to criminal conspiracies to be deduced from the common law and statute recognized in England prior to James IV. first has exhibited any such growth in this state as to include any offenses not then cognizable. On the contrary the tendency in this state in one respect at least has been in the other direction. * * * We conclude that by the common law of Kentucky it is not an indictable offense to combine for maintaining rates of insurance."

DIED IN PEACE.

Richard P. Bland Expires at His Missouri Home.

Lebanon, Mo., June 15.—Congressman Richard Parks Bland, known throughout the country as "the father of free silver coinage," died at his farm home, near this city at 4 o'clock this morning. His end was peaceful. The body will lie in state to-day and to-morrow, and the funeral will be held Saturday.

W. J. Bryan several days ago signified his intention to visit Mr. Bland on Saturday, if he should live so long, and if not, he promised to attend the funeral. Mr. Bland served several terms in Congress, and was almost the first man in public life to advocate the replacement of silver on a parity with gold after the act of demonetization of 1873.

On this account it was generally believed that he would be nominated by the free coinage element at Chicago three years ago, and even Chairman Jones, of the National committee confidently predicted his nomination only twelve hours before the decisive ballot was taken. Afterward he was balloted for the vice-presidency, but it was without his knowledge and consent, and circumstances attending the use of his name in this connection gave rise to rumors that he was dealt unfairly by some of the members of his party in his own State. After his defeat at Chicago Mr. Bland was re-nominated and elected to Congress, for which he had been defeated in 1894.

FAILED TO PASS.

Logan Feland Has an Affection of the Heart.

Logan Feland, of Hopkinsville, who was appointed a Second Lieutenant in the Marine Corps, failed on his physical examination Thursday, owing to an affection of the heart. At the request of Representative Boring, however, Mr. Feland has been authorized to continue with his mental examination, and upon its completion he will again be examined physically. The surgeons in charge of the candidates were very rigid, pronouncing 40 per cent. of them unfit for military duty.

A Successful Nurse.

A professional nurse at Leeds, England, was remarkably successful in the care of patients suffering from smallpox, diphtheria or pneumonia. In fact, she had never lost a patient with one of these complaints. Not long ago, however, she had a pneumonia case which was given up by the physician, much to the nurse's chagrin.

"If we can't live through the night," said the doctor.

Sure enough, when the nurse went to give the sick man his medicine he only shook his head. The distracted nurse saw her poor record about to be broken, and she urged the patient to take his dose.

"No use," he murmured. "Well, sir," said the nurse, in despair, "you've got to take it! And if you die I'll kill you!"

Whereupon the patient began to laugh, took his medicine and got well. —N. Y. Sun.

A Metallic Curtain.

A French firm has undertaken the manufacture of a new metallic curtain for the opera house at Besancon. The curtain is to be lowered after each act or in case of great danger. It is 60 feet wide and 54 feet high, and is to be composed of aluminum sheets 13 feet long and 29 inches wide and one-twelfth of an inch thick. The total weight will be 4,000 pounds. If such a curtain were made of sheet iron it would weigh 11,000 pounds.

HAS NATURE WARNED YOU?
Nature herself clid in the early part of spring, blossoms forth trees and flowers causing the dependent chord to vibrate to this, do you feel? Have you that tired aching feeling, most distressful of all, springing and how do you feel? If so, you must not pass this warning as it is an indication of sickness; avoid this cause as you or your advice costs you nothing. All you need is a bottle of Dr. Carter's German Liver Powder. Take one dose each day for five days, then follow by preparing a bottle of Sarsaparilla. This will clear the directions and after two weeks course of these two great remedies, you will feel the difference. Rail management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer.
